

URETHANE ROLLERS AND PULLEYS

We've got your rubber and pulley needs covered, literally. We can apply a variety of types and durometers of urethane to your rollers and pulleys for almost any application, including special needs like: incidental food contact, high-temperature resistance and high-wear.

Sioux Rubber & Urethane has the capability to:

- Resurface your existing rollers or pulleys with urethane compounds
- Work with rollers up to a 60" diameter and 20' length
- Urethane hardness available from 60 Shore A to 65 Shore D
- Crowned and/or grooved finishes are available
- Fast turnaround times

Sioux Rubber & Urethane is a custom operation that can provide all types of application and manufacturing services, in large and small quantities, no matter what your business is - from large OEMs to small town repair shops.
