

URETHANE LINERS AND COATINGS

When your equipment and components need protection against friction, corrosion and weather, think Sioux Rubber & Urethane. We can bond urethane liners directly to your existing equipment such as pump housings, fan housings, cyclones and semi-trailers or we can manufacture a bolt-on or drop-in liner for your specific application.

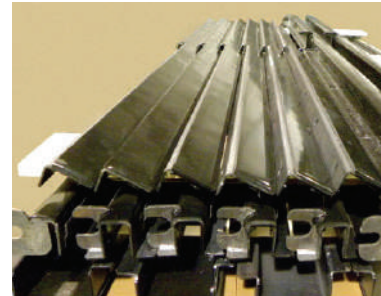

SPRAYABLE URETHANE COATINGS:

- Permanently bonds to almost any surface, including steel, aluminum, stainless steel, concrete, wood or fiberglass, and has a broad working temperature range
- Seamless and available in thicknesses from .040" to .375"
- Used for pumps, chutes, hoppers, dump truck beds, railcars, snow plows, storage tanks, asphalt trucks and trailers, and many other items

BOLT-ON OR DROP-IN LINERS

- Steel backing available
- Several fastening options; bolts, rivet, screws or tack weld
- Custom shapes and sizes to fit most applications
- Hardness available from 60 Shore A to 65 Shore D

Sioux Rubber & Urethane is a custom operation that can provide all types of application and manufacturing services, in large and small quantities, no matter what your business is - from large OEMs to small town repair shops.
